Request for Proposal

RFP-73

1. Statement of Purpose

- 1.1 The Kentucky Telehealth Consortium (“the Consortium”) is a regional healthcare consortium developed by Connections Telehealth Consortium (CTC) in cooperation with healthcare providers in Kentucky. The Consortium was developed for purposes of serving to improve the collaboration, information exchange, and telehealth opportunities for healthcare organizations in the Bluegrass State. CTC, a registered 501c4 non-profit organization, will be the lead entity for the Consortium.
- 1.2 The Consortium is comprised of both rural and urban locations, which allows for the consortium to meet the needs of patients at any location within the network, even if those patients have to travel to an urban location for specialized care. The Consortium is in its infancy in terms of membership, as it currently represents less than 200 rural and urban healthcare providers; but we expect that to grow by an order of magnitude as we demonstrate proof of concept and the improvements in information exchange we anticipate.
- 1.3 This RFP seeks pricing for WAN and Internet Services for Pennyroyal Center, who will be the billing entity associated with this RFP.
